

Class 1
Lesson plan 2

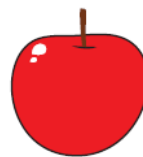

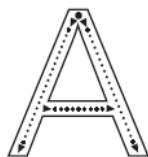

- **Class duration:** 40 minutes
- **Lesson objectives:** The students will learn-
 - to write alphabets
 - to make words with alphabets

- **Materials:** NCTB textbook, board, marker, soft ball.

Steps	Activity	Time
Step 1	The teacher enters the classroom and says “good morning” to students. The teacher encourages students to say “good morning” in return.	5 minutes
Step 2	The teacher then gives students a handout which contains alphabets A to E and each alphabet has a word that starts with it. There is space for students to draw the thing that the word describes. The teacher makes pairs of students and tells students to work in pairs and draw the letters over the dotted lines also to draw what the word says. For example, in case of letter A, students are supposed to draw A over the dotted lines and also draw an apple as apple is written in the handout with letter A. The teacher moves from pair to pair and monitors. The teacher will facilitate wherever needed.	20 minutes
Step 3	Next the teacher tells the students to stand up and recite what they have in the handouts. Everyone stands up and recites together. The teacher recites with them and corrects wherever necessary.	10 minutes
Step 4	The teacher tells the students to practice their alphabets and words at home, as they will be asked to repeat them in the next class. The teacher then ends the class by saying “good bye”.	5 minutes
